DESIGN YOUR OWN TILES

www.uniquetiles.uk

UniqueTiles

Working with architects, designers, artists and private clients UniqueTiles presents the opportunity to design, create and image your unique decorative tiles, panels and facades rather than using mass produced an alternative.

How We Work

It is essential for us to fully understand your brief, have clarity on your vision, and understand the feelings and emotions you aspire to achieve and then work in partnership with you to create a design which will transform your space.

Creating The WOW Factor.

Have you ever wondered how you could make your home uniquely different and create the WOW factor? Tiles provide a beautiful canvas for displaying art, colour, images and wonderful designs.

Tile Samples.

Before placing an order, we offer a sample of our product.(£10 all inc) and if you end up placing an order, the samples you purchase will be fully refunded. Its comforting knowing that our very valued customer bases around the world are happy with our product & service.

Premium Tiles

UniqueTiles advanced high-resolution image transfer technology is NOT DYE SUBLIMATION or cheap UV PRINTING. Our premium technology is a kiln fired, non toxic, environmentally friendly process that guarantees high standards in terms of visual image quality, clarity and durability. All images are fired at very high temperatures (1650 F, 900 C) on the finest porcelain or ceramic body tile making the finished product very durable. Our products are resistant to :

- ◆ Extreme Climates, frost proof (will not crack)
- ◆ UV-Rays (guaranteed not to fade 50 years)
- ◆ Graffiti (can be removed)
- ◆ Scratching (under normal conditions of use, does not scratch)
- ◆ Wear (suitable for high traffic areas)
- ◆ Chemicals (will not harm surface or image)
- ◆ High temperature (up to 1292F,700c)
